We are proud to present one of the most exciting groups in Scandinavia today. The group Surge is an ensemble one of its kind creating its own path in modern improvised music. They have an eager urge to explore new sounds and forms in contemporary music. The sound has an international touch and Surge has made several tours through Europe.

This CD ”For the time being” is their second but the first on LJ Records.

This is music leading on to the next century.

The musicians are known for cooperation with other creative Scandinavian jazz artists as well as modern composers.

Pressvoices:

”Their music is amazingly complex and the musical structure is constantly transforming through different shades and layers each living their own lives. It’s exciting and dramatic with not one uninteresting moment.”

OrkesterJournalen, Sweden

”The Swedish trio descended from another planet. The tones did not stand rooted to the spot, while more floating as an eternal stream through time and space creating an atmosphere filled with new music.”

Toimitus, Finland

”Surge is a treasure! You have yourself to blame if you don’t attend any of their concerts.”

DagensNyheter, Sweden
